

# Universal Abrasive Belt Grinders Machines

MODEL MK 602, MK 642, MK 644, MK 138, MK 123, MK 127

## FEATURES

- Fast grinding
- Universal belt positions adjustable
- Rubber contact wheel
- Platen and adjustable angle rest
- Spring loaded ram allowing for 'free belt' linishing
- An abrasive disk can be mounted on drive wheel face of models 642 and 644
- MK644 VFD
- MK642 VFD Optional

## TECHNICAL DETAILS

### MK 602 Universal Belt Grinder

Light 50x1520 belt 0.75Kw Weight 32kg  
Dimensions 450 (w) x 450 (d) x 1440 (max height)

### MK 642 Universal Belt Grinder

Heavy 50x2440 belt 1.5Kw Weight 67kg  
Dimensions 450 (w) x 450 (d) x 1700 (max height)

### MK 644 Universal Belt Grinder

Heavy 100x2440 belt 1.5Kw Weight 84kg  
Dimensions 450 (w) x 450 (d) x 1750 (max height)

### MK 138 PLATEN SANDER

Large Surface Area Flat Linisher  
Dimensions 150mm x 500mm (Platten)

MK 123 (50mm) MK 127 (100mm) Tool Post Roll Grinder  
Fits onto lathe tool posts for linishing and polishing of rolls and shafts
